

Elite Dance Studio
Health & Safety

Meeting OHA guidelines and additional actions taken by Elite:

- Masks must be worn while inside the studio/lobby. Dancers may remove mask while they are actively eating, drinking or taking “fresh air” breaks.
- Lobby, viewing area and play area will remain closed to all family and friends with the exception for parents/guardians of dancers 4-7 yrs. old.
- Drinking fountain will remain closed. Dancers are encouraged to bring a personal water bottle with them into class.
- Cubbies are open, however dancers may still take their personal belongings into the studio during class.
- Vending Machines are open and fully stocked and take cash, change and card.
- Hand sanitizer stations located by each studio door as well as placed all around the lobby area.
- Cleaning supplies provided for teachers- wipes, hand sanitizer, disinfect spay, floor mop and masks.
- Signage Displays- Covid Symptoms, Hand Sanitizer & Proper Hand Washing
- Antibacterial Hand Soap Dispensers in each bathroom
- Air filters changed monthly.
- Weather permitting, teachers have the option to open the outside doors and/or use the floor fans to promote airflow.

Cleaning:

Our schedule has 15-minute breaks strategically placed throughout each day. During this time, studios will receive a deep clean, which includes wiping down of hard surfaces (barres, door handles, etc.) and disinfecting the floor.

Dancers and Families Responsibilities:

- Monitor dancer’s health at home
- Do NOT attend class if showing any symptoms in the last 48 hrs. or if your dancer had possible exposure.
- Report to Elite if your dancer receives a positive test so we can keep our families informed and follow contact protocol.
- Be prompt with drop off and pick up times—remember the lobby will be closed.
